SUPPLEMENTAL AMENDMENT IN RESPONSE TO
FINAL OFFICE ACTION AND ADVISORY ACTION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On July 17, 2006, a Final Office Action was entered in which the Examiner allowed the claims and objected to informalities in the Abstract and Specification. On September 8, 2006, Applicants filed a response amending the Abstract as requested, but inadvertently not amending the the Specification to reflect the patent numbers of the related applications on page 2 of the Specification. On November 1, 2006, the Examiner submitted an Advisory Action in which the amendments to the Abstract were entered and the Examiner requested Applicants to update the Specification to reflect the patent numbers. Applicants submit herewith an amendment to the Specification to update the reference to the related patent applications to include the patent numbers. Applicants submit that this amendment addresses the informalities and places the case in condition for allowance.

Applicants request entry of the amendments to the Specification and allowance.
